ABOUT US

EuroMaTech is a highly successful training company specialising in corporate training markets. We have been trading for over 24 years and in that time have built successful, strategic relationships with our customers. We operate with a 30 full time staff members along with over 300 training consultants. Over 94% of our business is from repeat customers. We like to believe this is due to our superior service. our fantastic consultants and the general experience delegates receive from our training for their career enhancement. Our customer service strategy is evaluated constantly to measure the performance along with the associated performances of venues and instructors.

OUR MISSION

To provide professional and strategic consultancy, and training services at competitive fee levels, to a world-wide circle of clients in a way that adds long term value to their organisation.

OUR VISION

To develop cutting edge training solutions that can be implemented at all levels within an organisation. Our public and in-house courses are developed to meet the specific demands of our clients.

VALUES

We believe that quality comes first. We are 100% committed to providing our clients with a product of the very highest standard as well as an uncompromising level of customer service.

CHARTER

- Being professional & helpful to you at all times and in all situations
- Listening to your needs & structuring solutions which meet them
- Communicating effectively, irrespective of geography, distance, time or complexity
- Establishing and maintaining a positive and rewarding client relationship
- Providing a warm & friendly environment ensuring that the learning experience is first class

OUR APPROACH

We ensure that you maximise investment in personal development and the most appropriate methods of training and developing people are used. EuroMaTech puts knowledge to work through an unrivalled network of consultants from all over the world.

WE OFFER

- Training to develop expertise
- Consultancy to pinpoint areas where training can help
- One-to-one intensive executive coaching for top management

EuroMaTech is associated with the following Accreditation Bodies:

[Accreditation Logos]
Our comprehensive portfolio of programmes include:

- Management & Leadership
- Administration & Secretarial
- Human Resource Management
- Customer & Public Relations
- Finance & Budgeting
- Project Management
- Contract & Tenders Management
- Purchasing, Inventory & Materials Management
- Health, Safety & Loss Prevention
- Oil & Gas, Process & Chemical Engineering
- Maintenance & Reliability Engineering
- Mechanical Engineering
- Electrical Engineering & Instrumentation
- MBA & Masterclass Series

In order to ensure that each delegate gets the most out of the programmes, effective use is made of different learning styles and levels of knowledge. Also, to develop their skills and performances in specific areas, we use a range of techniques from introductory to more sophisticated levels, all of which can be used to overcome real issues at the workplace.

ONLINE TRAINING

Our online training service strategy will enable clients to learn and gain skills based on real-time / live discussions on key topics and enhance overall performance. The ability to innovate and adapt is one of the reasons EuroMaTech has grown exponentially, and our online distance learning platform is the next step to meet the current demands of our clients. EuroMaTech offers a wide range of online training seminars that are designed to provide trainings that are as streamlined and to-the-point as possible. Our online trainings, allow you to learn at your own pace in the location you desire, from the comfort of your laptop, PC or smart device.

IN-COMPANY TRAINING

EuroMaTech is able to provide customised courses to meet the precise requirements of individual clients. The advantage of personalized training is that the client's particular business environment or management situation is specifically addressed.

PERSONAL EXECUTIVE COACHING

It is often difficult to find the time and the right environment for senior managers to address their own training requirements. Yet they too must develop their skills. In response to this, EuroMaTech is pleased to provide one-to-one coaching.

CONSULTANCY

As well as tailored training, EuroMaTech provides a consultancy service to assist you in implementing a customer oriented business plan. By pinpointing areas of strength and improvement, our objective is to work in association with you to integrate learning into daily work practices.

OUR CONSULTANTS

All our consultants are highly qualified practitioners who are selected for their experience in their respective fields. The expert information and advice available on a EuroMaTech programme is tried-and-tested, practical and up-to-date.

OUR CLIENTS

At EuroMaTech, we take pride in the knowledge that we have a large base of satisfied clients. Since our inception, more than 40,000 delegates have attended our training programmes, the majority of whom have indicated that the training exceeded their expectations.

Our client base is representative of all the major oil & gas companies, government departments and agencies, banking & financial institutions, heavy industries and corporate organisations.
ISO 9001:2015 Quality Assurance Standard
EuroMaTech has been awarded the ISO 9001 Quality Assurance Standard in 2009. Receiving the ISO is a proof of the sustainability of achievements accomplished throughout the past years for the quality services given to our clients and the increased level of client satisfaction, as well as adopting and enhancing the best international practices and procedures. EuroMaTech has been granted the Quality Assurance Standard, an international organisation and provider for ISO Certificates, has granted EuroMaTech the Quality Assurance Standard after examining the processes for its compatibility with the classification rules and criteria and, in addition, its implementation of process, performance measurement, continuous development and other requirements of the ISO Certification, which includes offering the best quality services and responding to clients promptly. We are currently in the process of gaining accreditation with other organisations, please keep visiting our website for updates.

ISO 29993:2017 Certification
EuroMaTech has also been awarded the ISO 29993:2017 Certification. The objective of this new standard is to provide a model for quality professional practice and performance, and a common reference for learning service providers (LSPs) in the design, development and delivery of training. As it addresses the competency of LSPs, the ISO 29993:2017 standard will assist organisations and individuals selecting LSPs in ensuring they meets the requirements and expectations for competency and capability development. Certification against the ISO 29993:2017 standard ensures that the design, development, and delivery of EuroMaTech’s training services meet the ISO requirements.
