The PMI Registered Education Provider logo is a registered mark of the Project Management Institute, Inc.
INTRODUCTION

This Finance and Accounting for the Oil & Gas Industry training course provides the essential financial knowledge and skills to enable delegates to successfully recommend appropriate methods of finance and to prepare, understand and evaluate financial accounts for the Oil & Gas industry. It focuses on the finance and accounting issues specifically affecting the industry including: IFRS 6 Exploration for and Evaluation of Mineral Assets, Accounting Approaches, The “Successful Efforts” and “Full Cost” (FC) Method, Accounting for Reserves, Resources & Assets.

This EuroMaTech training course will feature:

- A detailed understanding of finance and accounting in the Oil & Gas industry, focusing on leading international practice
- Examination and evaluation of the latest techniques
- Skills development via interactive sessions
- Key discussion of the latest accounting issues currently facing the Oil & Gas industry

WHO SHOULD ATTEND?

This EuroMaTech training course is specifically tailored for those working or wishing to work in the Oil & Gas industry. It is particularly suited to:

- Those responsible for raising and managing finance
- Those responsible for making or contributing to capital decisions
- Professionals who require a more in-depth understanding of finance and accounting
- Line heads with direct finance and accounting responsibility
- Those responsible for making decisions based on finance budgets

PROGRAMME OBJECTIVES

- Recommend appropriate methods of financing capital projects
- Evaluate capital investment proposals
- Prepare financial statements in line with International Financial Reporting Standards
- Evaluate financial statements to identify and recommend improvements within their own organisation

TRAINING METHODOLOGY

The Finance and Accounting for the Oil & Gas Industry training course uses training methods chosen to ensure effective learning, to reinforce understanding, to develop practical skills and to promote the critical evaluation of information. Interest is maintained throughout each session using a variety of formats, including:

- Real world Oil & Gas case studies demonstrating the practical application of each topic
- Illustrative extracts from the annual reports of international Oil & Gas companies
- Discussion of relevant issues raised by participants
- Illustrated presentations of Oil & Gas accounting issues focusing recent events and strategic issues facing companies today
