Management Excellence Masterclass

INTRODUCTION

The world of business has changed significantly since the start of the Century. New methods, technology and '*best practice in Management*' proliferate. This Management Excellence Masterclass training course has been designed for people already in a staff management position, or those about to take up an appointment, who want to review their management style, explore the latest thinking and models for effective management and leadership, and develop their skills to become excellent in their roles. This EuroMaTech training course will provide the key drivers of management and leadership success and a toolbox of essential team leadership and strategic skills.

WHO SHOULD ATTEND?

- Supervisors & Team Leaders
- Managers
- Leaders
- Professionals who are preparing to take up a managerial role
- Managers and Leaders looking to develop new and additional skills

PROGRAMME OBJECTIVES

- Review their personal management style
- Investigate the differences between management and leadership
- Be able to build and develop high performing teams
- Analyse and put into action the latest research in employee motivation
- Learn simple but effective tools to manage performance
- Develop flexibility in influencing style to be able to handle different situations
- Learn to think and plan strategically
- Be able to generate commitment and confidence
- Manage change proactively and positively
- Take charge of their own continuing development

TRAINING METHODOLOGY

This EuroMaTech training course will combine presentations with instructor-guided interactive discussions between participants relating to their individual interests. Practical exercises, video material case studies, presentations and group discussion in an active and participative way supported by reading and reference materials.

PROGRAMME SUMMARY

This Management Excellence Masterclass training course will share models and research findings from around the world and compare these with participants' own experiences to identify the skills that define excellence in management in the 21st century business environment. Today's managers are increasingly involved with leadership and consequently strategy fulfilment in our climate of change. Participants will be challenged on their current practices and helped to develop new skills and use tools that will enable them to return to their organisations with increased impact.
