INTRODUCTION

Transformational Leaders motivate and gain the commitment of their followers by sharing a vision, raising expectations, and creating a feeling of trust so that followers will perform to a level exceeding their own expectations of what is considered possible. This exciting and practical training course will help you develop as a Transformational Leader. In this seminar, delegates will study the best practices from industry leaders and apply that in their own teams and organisations.

The Developing Transformational Leadership training course is designed to provide leaders with the knowledge and skills required by their challenging role. This seminar enables leaders to critically explore the key skills needed to lead at a time when the global economy is experiencing an economic downturn that is having a major impact on all industries and all organisations.

EuroMaTech's experiential Developing Transformational Leadership training course will cover the critical competencies necessary in effective leadership. The seminar runs like a 5-day Leadership Master-Class and participants will leave engaged, energised, and inspired.

Participants on Developing Transformational Leadership training course will develop the following five key competencies:

- Transformational Leadership skills
- Strategic Thinking & Planning
- Leading with Emotional Intelligence
- The Communication Competencies Necessary for Leadership
- The Practice of Leading Change
