An Intensive 5-Day Training Course

Understanding Success Factors in the Oil & Gas Industry

PROGRAMME SUMMARY

The Understanding Success Factors in the Oil & Gas Industry training course provides a wider management perspective of global oil & gas business and highlights the success factors in each category of several business models. The training course considers how innovation in oil & gas industry is helping to drive economic growth and improve the company's bottom line; how we can achieve these goals while delivering value to the stakeholders, etc. This EuroMaTech training course effectively deals with the core issues, tactics and essential concepts of successful management of the oil & gas business.

Date	Venue	Fee(\$)
17 - 21 Apr 2022	Dubai	US\$ 4,950
25 - 29 Jul 2022	Geneva	US\$ 5,950
14 - 18 Nov 2022	Vienna	US\$ 5,950

INTRODUCTION

Today's multinational, International Oil Companies (IOC's) and National Oil Companies (NOC's), both upstream and downstream of the oil and gas supply chain, are facing many challenges from the current economic climate. The current volatility of crude oil and natural gas prices has resulted in companies to reinvent themselves and to abandon the traditional strategic planning exercises.

This highly participative EuroMaTech training course is designed to provide a comprehensive understanding of the issues facing the international oil & gas industries and to be equipped with the necessary skills and knowledge to effectively identify and tackle these issues. This Understanding Success Factors in the Oil & Gas Industry training course will provide the necessary skills and knowledge to prepare the attendees for more senior responsibilities within their organizations.

Delegates will gain the knowledge and business acumen in the following key areas:

- A clear understanding of the oil and gas supply chain
- Issues related to the global energy supply
- Energy trading contracts and fiscal systems
- The oil & gas industry's future prospects for forward planning
- Oil & Gas Sector strategic analysis

Virtual learning service available

TRAINING METHODOLOGY

The Understanding Success Factors in the Oil & Gas Industry training course will combine presentations with interactive practical exercises, supported by videos, activities and case studies. Delegates will be encouraged to participate actively to relate taught material and case studies with their own experiences from their respective industries.

In-house Training

EuroMaTech is capable of conducting this training programme exclusively for your delegates. Please e-mail us on inhouse@euromatech.ae for further information and/or to receive a comprehensive proposal.
