

An Intensive 10-Day Online Training Course

The Office Professional and Records Management Masterclass

PROGRAMME SUMMARY

Days 1 to 5 of the The Office Professional and Records Management Masterclass online training course cover a wide range of interrelated topics critical to the effectiveness of office personnel and administrative staff in meeting their roles and maximising their contribution to their teams and organisations. Emphasis is placed on building on existing good practice and on recognising areas where improvements can be made and developing strategies accordingly. Emphasis is also placed on managing the network of relationships and inter-personal skills and communication.

Days 6 to 10 of the The Office Professional and Records Management Masterclass online training course covers all the essential skills needed to understand, use and apply document and records management and all the essential skills needed to understand, use and apply ISO 15489 records management standard. Discussions focus on the use of best practice, processes and systems implementation as well as how to apply all the key concepts. Emphasis is also placed on participants developing action plans to implement document and records management successfully in their organisations and other initiatives following from the online training course.

| Date | Venue | Fee(\$) |

| 20 Nov - 01 Dec 2022 | Live / Online | US\$ 4,800 |

INTRODUCTION

The Office Professional and Records Management Masterclass is an exciting and interactive online training course, designed to provide participants with the opportunity to review and develop interpersonal and professional skills needed to do their jobs effectively, thereby contributing to personal and organizational success.

After exploring and developing the multi-faceted skills required of the office professionals and administrative staff (including both inter-personal and technical skills), the combination allows participants to explore in more detail the issues involved in meeting responsibilities for managing documentation and records.

This EuroMaTech online training course also covers the strategies, tools and technologies used to capture, categorise, manage, store, preserve (archive) and deliver documents and records in support of business processes, as well as the core components of ISO 15489 so that organisations become compliant with best practices.
