

An Intensive 3-Day Online Training Course

Working Safely

PROGRAMME SUMMARY

The Working Safely virtual training course will cover the foundations and reason for working safely, including the methods for controlling risks – outlining the common hazards that are encountered every day. The importance of investigating incidents as well as emergency procedures will also be discussed.

Date	Venue	Fee(\$)
28 - 30 Aug 2022	Live / Online	US \$ 1,800

INTRODUCTION

Staff competencies always go through a cycle. Without training, there is unconscious incompetence. With training, there is conscious competence. Unfortunately, over time bad habits and memory lapses brings about unconscious incompetence. Competency in safety is no different. Continual safety training is essential in order to improve safety performance.

This EuroMaTech Safety virtual training course will motivate personnel to achieve higher safety performance standards because of the knowledge gained within the program. There will be a realisation that safety is not a number, but a value and the value have a direct effect on all personnel. The ultimate goal is that everyone returns home safely at the end of each working day – zero harm is the vision.

TRAINING METHODOLOGY

This EuroMaTech virtual training course is presented face to face with power point presentations. Quizzes and videos will keep the delegates active and fully involved, on the ball and never bored.

WHO SHOULD ATTEND

This EuroMaTech virtual training course is suitable for all personnel within the company. Not only would be especially useful for personnel in a competence initiative program but also for:

- Health & Safety Committee Members
- Safety Representatives
- Supervisors
- Maintenance Staff

PROGRAMME OBJECTIVES

By the end of this EuroMaTech virtual training course, participants will be able to:

- Recognise their duties and responsibilities
- Determine what is a hazard and how risks are controlled
- Demonstrate how to react in case of emergencies
- Explain why all Incidents should be investigated

In-house Training

EuroMaTech is capable of conducting this training programme exclusively for your delegates. Please e-mail us on inhouse@euromatech.ae for further information and/or to receive a comprehensive proposal.
